

A photograph of the Loughborough Community Centre, a dark wooden building with a gabled roof. In the foreground, there is an outdoor area with a wooden table holding various cooking items like a frying pan, pots, and a colander. A large tree stands to the left, and a fire pit made of logs is on the right. The ground is covered with fallen leaves. The text 'Loughborough Community Centre' is written in a stylized font in the top right corner.

Our Approach - 3 C's

Connection – At our core is a nurturing connection established through meaningful engagement and activities. For many participants this relationship is intergenerational. We are well placed to support the well being and mental health of those most in need and vulnerable in our community.

Consistent presence – We have provided 40 years of community services in Brixton. While the area has vastly changed, we have continued to be a united community pillar for local people, especially when in need. Our success and longevity is due to our determination, adaptive, autonomous and knowledgeable delivery. This we have named...

Chameleon Effect – LCC adapts quickly to ever changing and evolving needs, weathering economic recessions and now Covid19.

We actively tackle a range of immediate issues; childcare, food insecurity, wellbeing, personal and professional development of local people.

Our Community

Most deprived ward in the borough of Lambeth

- 95% BAME
- 65% Low income households
- 35 % SEN
- 65% Families with no outdoor space

Our community is disproportionately impacted by the pandemic.

Despite the challenges we provide a vital and safe place for community development.

What our community says...

78% of parents
placed garden play as a
primary reason to attend the
centre

“... There is no place my child would rather be than in the Max Roach garden, I have got used to being outside no matter what the weather because he loves this space.”

Mother of a 3 year old child, family of 4

“My brothers used to attend Max Roach when they were little. When I found out Max Roach still had a preschool, I had to come and see. This place reminds me of my childhood. I have fond memories of playing here in the garden. I want my children to experience this special place, I did.
